

Procedure and Policies for Application of Arizona Region Funds Boy's Junior Olympic Volleyball Championships

Overview – The Arizona Region has made provisions to reimburse one Team Entry fee to each year's Boy's Jr. Nationals. Traditionally, the Arizona Region 18's Champions have been the recipients of these funds (\$900 maximum).

Procedure – Teams must pay the Jr. National Entry Fee, compete in Jr. Nationals and then request reimbursement from the Region after submittal of an article for the newsletter to the Region. Submittal of the request and "journal" must be made within 4 weeks after the end of Jr. Nationals to be considered.

The following outlines eligibility of teams and contains information pertaining to Boy's Jr. Nationals being held in Tucson or Phoenix.

1. In the event that Jr. Nationals are held outside of Arizona:
 - A. The Arizona Region 18's Champion will receive the entire amount upon completion of the above requirements.
 - i. Should the champion not attend Nationals, the 18's Runners-up become the recipients if they are attending.
 - ii. Should the Runners-up not compete, the next highest ranked 18's team that attends Jr. Nationals will be the sole recipient of the funds. This will then extend to include the 16's Region Champion should no 18's teams apply and so forth.
2. In the event that Nationals are held in Arizona:
 - A. Each division Champion (18's, 16's, 14's) is eligible to apply for an equal share of the funds at the end of Jr. Nationals (again meeting the requirements stated above).
 - i. Should all three champions attend, \$300 per team will be awarded, two teams attending would be split \$450 each, and 1 team would receive the entire amount should they be the sole Arizona Division Champion in Nationals.
 - ii. In the event a Division Champion chooses not to attend Jr. Nationals, the Runners-up in each Division would be eligible to apply in the place of the Champion. No other teams are eligible.
3. Should no teams attend Jr. Nationals in a given year, the funds will not be awarded and will not accumulate for the following year. \$900 is the maximum available in any given year.
