

Chapter 1: General Information and Frequently Asked Questions

As the sport of volleyball continues to grow among all age brackets, it is quite common to hear the question, "What do I have to do to start a club of my own?" Although it does require some effort, it is very gratifying for those who have chosen to provide additional opportunities for juniors to learn to play and expand their knowledge of the sport.

General Information

1. What is Junior Volleyball?

Junior volleyball is a branch of USA Volleyball, the national governing body of volleyball in the United States. USA Volleyball works in conjunction with International Volleyball Federation (FIVB) to provide equal opportunities and maximum enjoyment for participants and spectators, while maintaining the values of fair play and peaceful involvement. As a part of USA Volleyball, junior volleyball clubs must adhere to the rules, standards, and code of ethics as established by that governing body.

2. Who is eligible to play club volleyball?

Junior volleyball divides participants into like age groups for competition. There are currently four age divisions used in the Arizona Region tournament schedule: 12 and under, 14 and under, 16 and under and 18 and under. A representative team from the 13 and under, 15 and under and 17 and under age groups are also selected to represent the Arizona Region in the National and American Divisions of the Girls Junior National Championships. Teams must meet the age requirements for each of these divisions in order to participate at the national level. No age waivers are accepted at the national level. The age division breakdowns are determined and updated annually by USA Volleyball. The current age division guidelines can be obtained from the Arizona Region Office or on the AZ Region website.

Regional age waivers are available for athletes who need to apply in a lower division. However, such waivers are granted on an as needed basis only (as determined by the Arizona Region Junior Board) and are honored only within the Arizona Region. The intent of the age waiver is for players in rural areas that have limited clubs/teams available with which to play or for players with summer birthdays that are in the grade below where their birthday would require them to play. An Age Waiver Form must be submitted with the Membership Form and be approved through the Arizona Region Junior Board before the player is assured a place on the lower age team. No more than two players with an age waiver may play on one team.
