ALL TRYOUTS ARE BEING HELD AT:

**Gilbert Christian High School
3632 East Jasper Drive
Gilbert, AZ 85296**

We are doing things a little differently this year than in years past. First, because of increased gym fees, we have to charge for tryouts this year. It's only \$10 a person and it goes strictly to covering the gym rental fees for the Open Houses and Tryouts.

ALL OF THE OPEN HOUSES ARE FREE!

Something else we are doing differently this year is the change in tryout times. In years past, tryouts have always been in the afternoon. This year, we have decided to hold tryouts in the morning instead.

There IS A POSSIBILITY of having a **SECOND TRYOUT** in the afternoon on the day of Tryouts, to fill any remaining spots we might have, or to build additional teams. You will need to check [this page](#) on Saturday around 12:00pm, the day of tryouts each week, to see if the Secondary Tryouts are for sure being held.

If you would like to be a part of the Power Volleyball Family (and we're hoping you are!), it is really important that you be there for the morning tryouts if at all possible.

PLEASE NOTE! Making a decision to tryout at a club is an important decision for both the players as well as the coaches selecting the teams. Most of the decisions made at the earlier tryouts means that there aren't as many options when trying out later in the day for either Power Volleyball, or any other club. We make every effort to place athletes according to skill level and desire to be on a certain level of team, but there are no guarantees as we've already made decisions based on who tried out during our MAIN session in the AM.

DON'T FORGET!! ALL players planning to try out **MUST** have a current USAV membership on or before the day of tryouts. (You don't need the membership for Open Houses, but it's a good idea to get it out of the way)

You can find the links here:

IN ADDITION: ALL players planning to try out for Power Volleyball need to print out, sign, and bring with them, the Power Volleyball Player Packet. You can find the packet on our site by [CLICKING HERE](#).
